

# Inorganic Chemistry Division

**Chair: Prof. Michele Aresta, SCI,  
University of Bari-IT  
[m.aresta@chimica.uniba.it](mailto:m.aresta@chimica.uniba.it)**

**• Organization of the Division management:  
Chair, Deputy Chair, Secretary**

**\* The Executive Board**

**\* Activities of the Division**

- The First Inorganic Chemistry Conference, EICC-1 2011**
  - Planned activities for 2012 at EuCheMS-4**
- School on: Synthesis and Characterization of Materials**

- Interaction with other Divisions**
  - Any other business**

# Organization of the Division management:

- **Chair: Prof. Michele Aresta,  
IT**
- **Deputy Chair: Prof. Guy Lavigne,  
FR**
- **Secretary: Prof. Claudia Wickleder  
DE**

# The Executive Board is completed by

- **Prof. Peter Edwards, UK**
- **Prof. Dan Meyerstein, IL**
- **Prof. Nikos Katsaros, GR, Past-President**
- **PL (to be appointed)**

# Activities of the Division

- 2011

**The First**

**European**

**Inorganic Chemistry Conference,**

**EICC-1 2011**

**with a special event dedicated to IYC**

EICC-1

# First EuCheMS

# Inorganic Chemistry Conference

11 - 14 April 2011

University of Manchester, UK

[www.rsc.org/EICC1](http://www.rsc.org/EICC1)

## Plenary Speakers

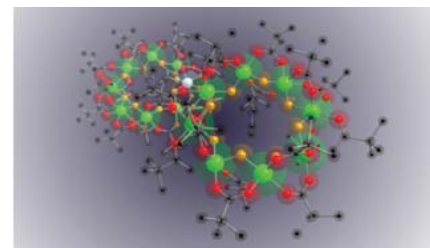

- Paul Beer, University of Oxford
- Sylviane Sabo-Etienne, Laboratoire de Chimie de Coordination du CNRS
- Pablo Espinet, University of Valladolid
- Reshef Tenne, Weizmann Institute of Science
- Leif Hammarström, Uppsala University
- Claudio Luchinat, University of Florence
- Markku Räsänen, University of Helsinki
- Martin Jansen, Max Planck Institute for Solid State Research

**Call for oral abstracts deadline:  
1 October 2010 >>> 29 October 2010**

**RSC** | Advancing the  
Chemical Sciences

## Themes

- Supramolecular and Co-ordination Chemistry
- Organometallic and Catalysis
- Reaction Mechanisms
- Inorganic Materials
- Energy and Photochemistry
- Bioinorganic and Metallic Enzymes
- Main Group Element Chemistry

# Activities of the Division

- **Planned activities for 2012**
- **At EuCheMS-4**
  - **Symposium “The Young Inorganic Chemistry” 1/2d**
    - **PhD and Post Docs oral presentations (<35 y)**
  - **Plenary lecture and interdisciplinary lectures**
- **PhD and Post Doc School on:**  
**Synthesis and Characterization of Inorganic Materials, Bari-Italy (June or September)**

# Synthesis and Characterization of Inorganic Materials, Bari-Italy

- Synthesis of new materials with different properties (from catalysis to solar energy conversion)
- Surface techniques
- XRD (single crystal and powders), Methodologies
- Solid state NMR
- Other techniques
- Work on it...
- Co-organized with the National Research Council-CNR and the Interuniversity Consortium on Chemical Reactivity and Catalysis-CIRCC
- First Editorial Activity >> Book with DeGruyter

# Interaction with Divisions and Working Groups

- The ICD intend to collaborate with the Organaziers, other Divisions and Working Groups at the best organization of the Programme of EuCheMS-4 and after.
- Common activities are really welcome

**Integration of competence and knowledge  
for the benefit of  
young generations and the Society**
