

# EuCheMS

## European Association for **C**hemical and **M**olecular **S**ciences

- **EuCheMS Overview**

- 41 national chemical societies and 6 supporting members
- ~ 160,000 chemists from universities, research institutes, industry, governmental and professional organisations
- > 30,000 student members
- EuCheMS is structured with thematic Professional Networks (Divisions)
  - $\approx$  500 scientists and researchers are members of EuCheMS Divisions and Working Parties

- **Goals**

- provide a single voice for chemistry in Europe
- represent chemical and molecular sciences in Europe

# EuCheMS-DAC

## Division of Analytical Chemistry

- DAC is a network of chemical societies and their members working in all fields of analytical sciences
- DAC gives a voice to the interdisciplinary field of analytical sciences
- DAC is based in Europe and aims at close links to related institutions all over the world

# EuCheMS-DAC Strategy

## DAC Strategy (2018 - 2020)

1. Promote the EUROANALYSIS series of conferences
2. Develop the profile of Analytical Chemistry
3. Review our governance and structure
4. Enhance the activities of Study Groups and Task Forces
5. Encourage co-operation with other EuCheMS divisions

# 1. EUROANALYSIS

The poster for Euroanalysis XXI 2019 is divided into two main sections. The left section is white with blue and orange text and graphics. It features the logos of the Turkish Chemical Society and EuCheMS at the top. The central text reads 'XXI euro ANALYSIS' with 'euro' in blue and 'ANALYSIS' in orange. Below this, it says 'September 1-5 2019' and 'Istanbul University, Istanbul / TURKEY'. The right section is a photograph of a building with a dome and a tall spire, with birds flying in the sky above. A blue vertical bar is on the far right. The website 'www.euroanalysis2019.com' is printed at the bottom of the photograph.
