

EuCheMS General Assembly 2014

Honorary patronage by

- Ministry of Science and Higher Education
- Marshal of the Kujawsko-Pomorskie Region
- Mayor of the City of Toruń
- Rector of Nicolaus Copernicus University

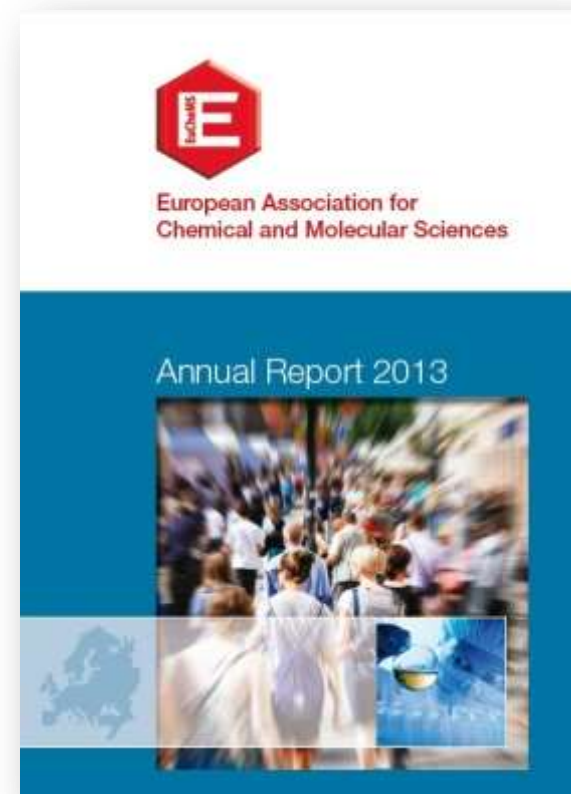

European Association for Chemical and Molecular Sciences
Association Européenne pour les Sciences Chimiques et Moléculaires

EuCheMS

an independent voice for chemistry in Europe

42 Member Societies in 32 countries

representing ca. 160.000 individuals (incl. 30.000 students)

Mission

Increasing the visibility of chemistry at the European level by speaking with a single voice

Creating European “corporate identity” among the chemical societies

Presenting chemistry as an essential and indispensable provider of solutions to global challenges to European and international organizations

Governance

New Constitution adopted by an extraordinary General Assembly

1. **Membership:** New definition of membership (Ordinary Members, Supporting Members) allows different types of organizations to become EuCheMS members ⇒ Application of 2 organizations for Supporting Membership
2. **Voting in the General Assembly:** Double majority was replaced by an assigned number of votes per Member
3. **Clearer definition of competences, tasks and composition of the EuCheMS bodies**

Support of financially weaker member societies

Executive Board

8 elected members, 6 appointed members, 3 ex-officio members (presiding council), 1 permanent guest (EYCN)

4 meetings in 2014: Brussels (12.2.), Frankfurt (20.6.), Istanbul (31.8.), Torun (22.10.)

Divisions and Working Parties

Welcome to EuCheMS

European Association for Chemical and Molecular Sciences (EuCheMS)

EuCheMS General Assembly 2013 – registration

Entrepreneurial Training for Economists, chemists and chemical engineers

The European Association for Chemical and Molecular Sciences (EuCheMS) brings together chemistry related organisations throughout Europe to provide a single voice of key science and policy issues, based on expert scientific knowledge.

EuCheMS is a not-for-profit organisation and has 41 member societies which together represent more than 150,000 chemists in academic, industry, government and professional organisations in 31 countries across Europe. EuCheMS has several Divisions and Working Groups which cover all areas of chemistry and bring together world class expertise in the underlying science and development needed for innovation.

We would especially like to invite you to receive the information on our Divisions and Working Parties, covering all areas of chemistry, and our Events where everyone is welcome.

The Publication 'Chemistry – Developing Solutions to a Changing World' is a roadmap for the chemical sciences across Europe and their role in providing solutions to global grand challenges. (Download PDF - 1.2 MB)

Cooperations

Cooperation agreement signed (2013;
annex in 2014)

Plans to establish and formalize cooperation;
1st meeting of both Executive Boards in Istanbul

Application for Supporting Membership;
Memorandum of Understanding under negotiation

Plans for joint activities, esp. EuCheMS-ECTN-JRC;
Two meetings in 2014 (3rd on 12.12.14)

Meeting of the (Vice-)Presidents on 8.11.14;
Details of closer cooperation under negotiation

Awards

European Sustainable Chemistry Award 2014

Walter Leitner and Jürgen Klankermayer, Germany

Awards

EuCheMS Lecture Awards 2014

Christina Moberg, Sweden

Gérard Férey, France

Awards

EuCheMS Service Award 2014

Luis Oro, Spain

Awards

EuCheMS Special Prize

(26th European Union Contest
for Young Scientists)

Effect of UV light on vitamin D2
concentration in oyster mushrooms

European Young Chemists Award

Congresses

EuCheMS Chemistry Congresses

Seville 2016

Liverpool 2018

- Europ. Energy Conference 2015 (in the framework of EST)
- Division Congresses
- Endorsed events

Policy Development Events

European Parliament, Brussels, 13.11.13, Workshop
**Sustainable Chemistry: Supporting Research, Innovation
and Competitiveness in Europe**

European Parliament, Brussels, 14.1.14, STOA Workshop
**The energy storage challenge: which contribution from
chemical sciences?"**

Upcoming events:

- **Chemistry for the future of Europe**, EuCheMS-CNC-SCI, Rome, 25.-27.11.14 on the occasion of the Italian EU presidency
- EXPO 2015 Milano
