

# **European Nanoporous Materials Institute of Excellence**

**EuCheMS General Assembly,  
Toruń, Poland, 23rd October 2014**

# Partners

- **University of Alicante**  
Department of Inorganic Chemistry
- **University of Antwerp**  
Laboratory of Adsorption and Catalysis
- **National Center for Scientific Research Demokritos, Athens**
- **TU Delft**  
Department of Catalysis Engineering
- **University of Hanover**  
Department of Physical Chemistry
- **Institute for Energy Technology, Kjeller**
- **University of Leipzig**  
Department of Physics
- **National Institute of Chemistry, Ljubljana**
- **SINTEF Materials and Chemistry, Oslo**
- **CNR, Rome**
- **University of Stuttgart**  
Department of Chemical Technology
- **CERTH, Thessaloniki**
- **CNRS, University of Montpellier 2**  
Institute Charles Gerhardt

**It is among the major objectives of ENMIX**

- ) to play a **leading role in the science and technology** of nanoporous materials in Europe.
- ) to **cover the entire value chain** from synthesis of nanoporous materials to applications in processes or as consumer products.
- ) to contribute to the **solution of the great societal challenges.**

# Mission and Vision

As an **independent** and **customer driven** European Nanoporous Materials Institute of Excellence, **ENMIX** mission is to offer:

- **Innovative technological solutions**
- **Unique scientific measuring expertise and facilities and**
- **Science-based advice and training**

With the **goal** of:

**Stimulating sustainable development and strengthening the economic and societal fabric in Europe**

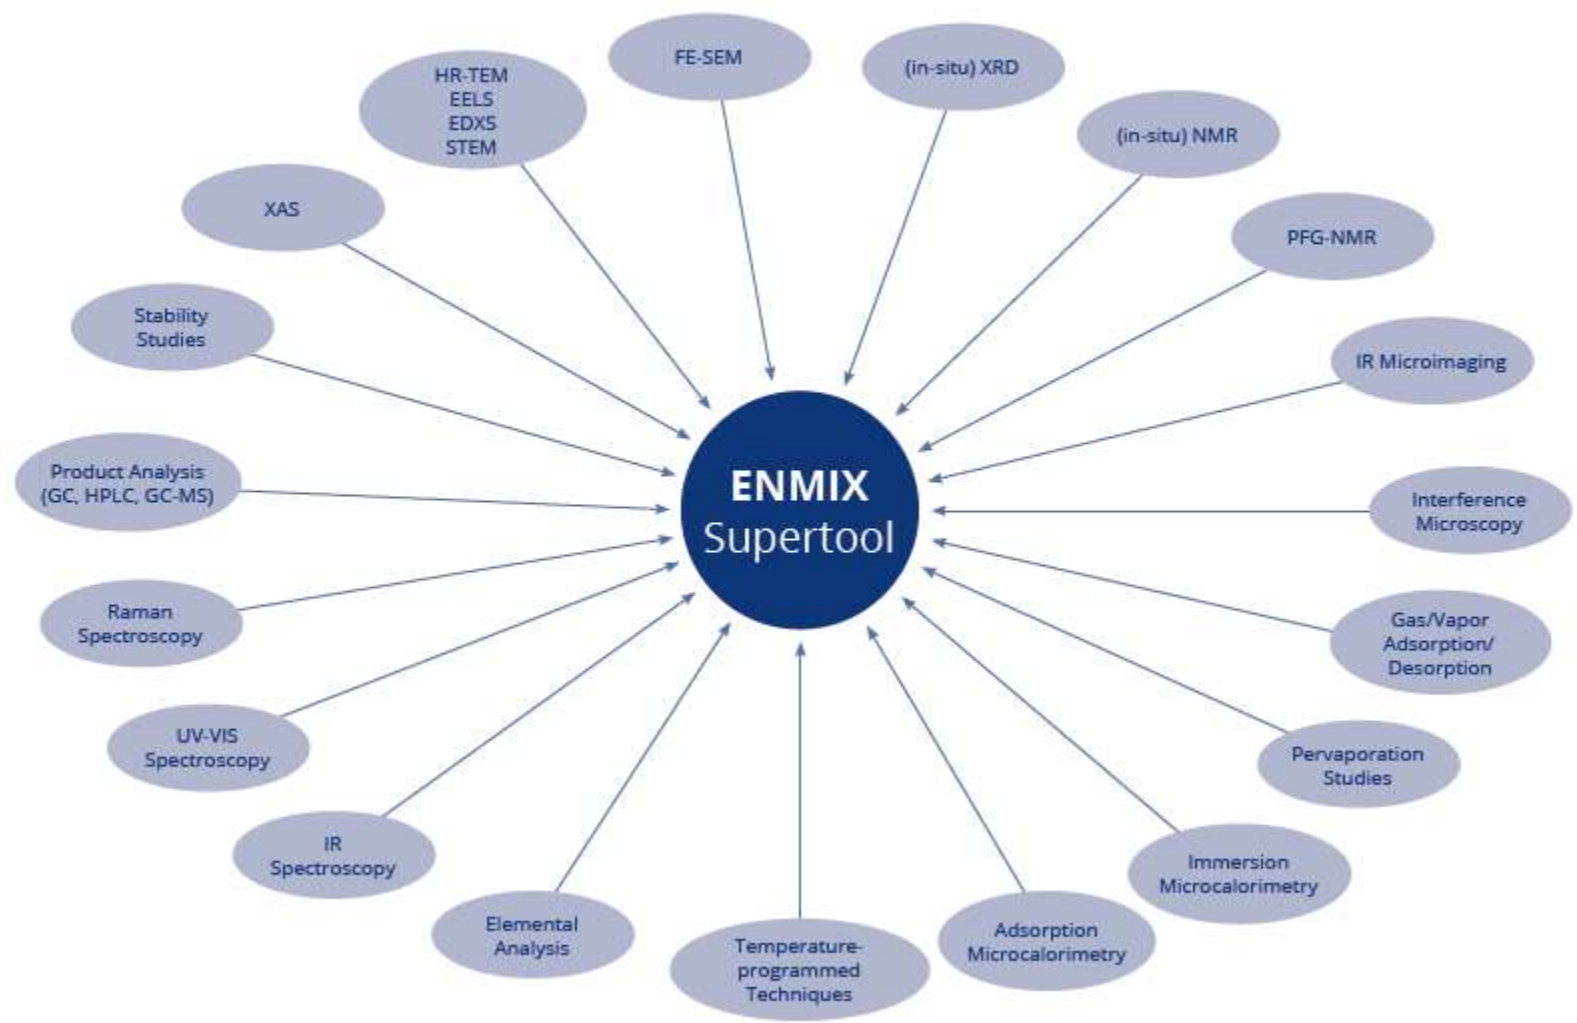

# Measures

- ) **Bi- or multilateral research and development projects**
- ) **Key stakeholder for nanoporous materials in EU (e.g. via SPIRE or SusChem)**
- ) **ENMIX Supertool**
- ) **ENMIX Workshops**
- ) **ENMIX Mobility Grants**
- ) **ENMIX Awards**

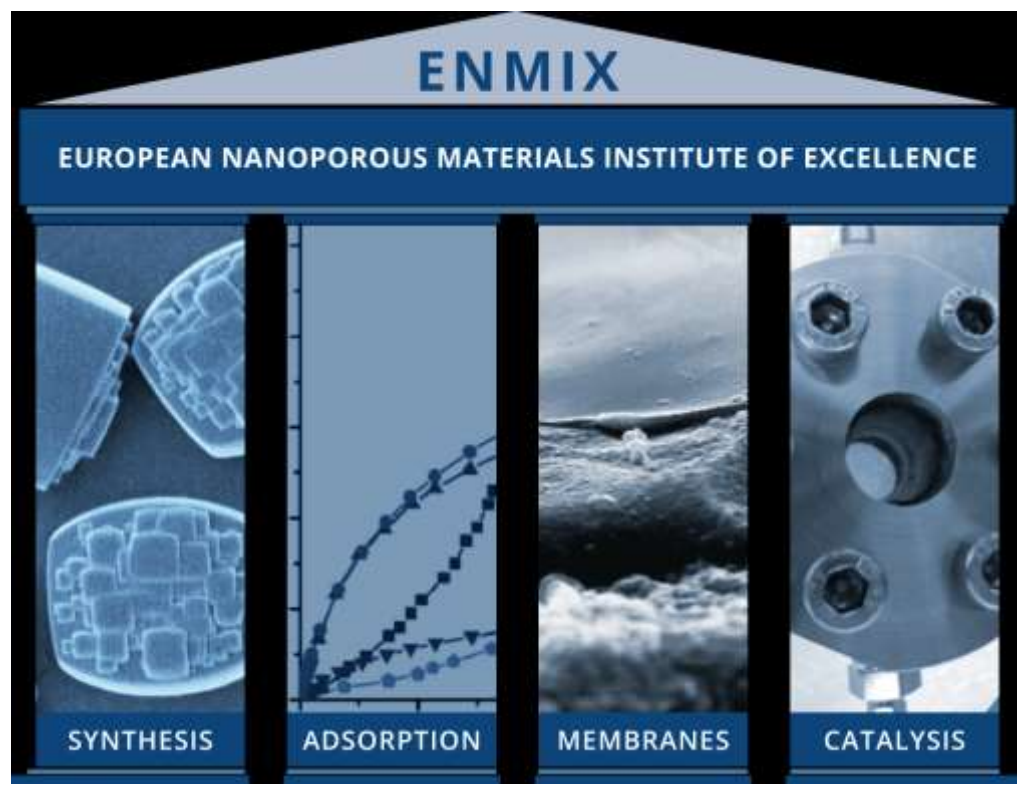

# ENMIX Supertool

- ) Advise on long-term trends, needs and generic research topics in the field of nanoporous materials
- ) Contribute to periodic SWOT analyses of ENMIX
- ) Advise on updating the ENMIX roadmap
- ) Support ENMIX workshops by giving presentations and advice on the compilation of the program
- ) Participate in one ENMIX IAB meeting per year

# More Information

**ENMIX**  
EUROPEAN NANOPOROUS MATERIALS INSTITUTE OF EXCELLENCE

**SYNTHESIS**      **ADSORPTION**      **MEMBRANES**      **CATALYSIS**
