

Chemistry Rediscovered – Sir Geoffrey Wilkinson EYCN Video Competition

The European Young Chemists' Network (EYCN), supported by the Wilkinson Charitable Foundation, is hosting the third edition of the video contest *Chemistry Rediscovered* in 2021. Young chemists (12-35 years old) are invited to send in creative videos of maximum 90 seconds on the theme "*Safety in Chemistry*".

Interested in participating? It's simple! Follow this procedure step-by-step:

Step 1

Choose the aspect of "Safety in Chemistry" that you would like to highlight!

Step 2

Use your imagination and make a 90-second video.

Need help? Team up with up to three other people.

Step 3

Send your video no later than
30th September 2021 to
science@eycn.eu using the
[submission form](#).

- The competition will be split into two groups: pupils (12-18) and early career chemists (19-35).
- All submitted videos will be assessed by an international judging panel (English video, non-spoken video, or English subtitles are required).
- Results will be published in January 2022 and the winners will be awarded amazing prizes. **The overall winner(s) will receive an invitation to the next EuChemS Chemistry Congress in Lisbon!**
- All participants to the competition will receive a certificate of participation.

The winners of the 2nd edition of *Chemistry Rediscovered* during the award ceremony in Paris!

The winners of the 1st edition of *Chemistry Rediscovered* on their victory trip to London!

Before taking part in the competition, please make sure to carefully read the *Rules and Regulations* on our website:
