

## European Chemical Society

- **EuChemS Overview**

- 41 national chemical societies and 6 supporting members
- ~ 160,000 chemists from universities, research institutes, industry, governmental and professional organisations
- > 30,000 student members
- EuChemS is structured with thematic Professional Networks (Divisions)
  - ≈ 500 scientists and researchers are members of EuChemS Divisions and Working Parties

- **Goals**

- provide a single voice for chemistry in Europe
- represent chemical and molecular sciences in Europe

## Division of Analytical Chemistry

- DAC is a network of chemical societies and their members working in all fields of analytical sciences
- DAC gives a voice to the interdisciplinary field of analytical sciences
- DAC is based in Europe and aims at close links to related institutions all over the world
