

Nucleic acids

Proteins

Ligands

Drug discovery

2nd EuChemS Chemical Biology School on *Biophysical Approaches in Chemical Biology and Drug Discovery*

Department of Pharmacy, University of Naples Federico II, Italy

10th -12th June 2026

TOPICS

- NMR of Nucleic Acids
- NMR of Proteins
- Ligand-based NMR methods
- Surface Plasmon Resonance

*Theory &
hands-on
lessons!*

- MicroScale Thermophoresis
- Differential Scanning Fluorimetry
- Isothermal Titration Calorimetry
- Differential Scanning Calorimetry

INVITED LECTURERS

Marco Fragai, CERM University of Florence
Roberta Marchetti, University of Naples Federico II
Bruno Pagano, University of Naples Federico II
Janez Plavec, Slovenian NMR Centre
Mabel Saiz Villanueva, Cytiva
Néstor Santiago-Gonzalvo, Cytiva
Alba Silipo, University of Naples Federico II
Pierre Soule, NanoTemper Technologies

INFO

REGISTRATION FEE: 250 €
MAX 40 PARTICIPANTS

WEBSITE

<https://sites.google.com/view/euchemschembioschool2026>

ORGANIZERS

Jussara Amato (Chair)
Concetta Giancola
Antonio Randazzo

Federica D'Aria
Anna Di Porzio
Simona Marzano

DEADLINES

REGISTRATION	27th March
ACCEPTANCE	3rd April
PAYMENT	10th April
